THE DEANES

UNIFORM POLICY

School Uniform Policy

Policy Statement

The Deanes has an official uniform which must be worn by all pupils.

The Governing Body is responsible for deciding whether the school should have a uniform policy and if so what it should be. In drawing up the policy, the Governing Body will consult with parents, pupils and the Headteacher. They will take into account the school's responsibilities under sex and race discrimination legislation and the Human Rights Act.

We believe that identification with the stated aims of the school is helped by uniform, which reinforces students' membership of the school community. We have found it avoids discrimination, helps discipline, sets a high standard for pupils and engenders self-discipline. We ask parents/ carers to help us maintain a high standard by ensuring that uniform conforms to the Dress Code on their way to and from school. We will make every effort to ensure that standards are maintained throughout the school day.

Consultation on the School Uniform Policy

- parents
- pupils
- the Headteacher

Parents and pupils will be consulted for their views and concerns before any amendments are made to this policy.

Wearing of School Uniform

The school uniform will be worn at The Deanes including on the journey to and from school.

Consideration of Individuals' Views

The school will consider requests to wear items of clothing which depart from the school uniform. These requests should be made to the Head teacher.

The school will do all it can to accommodate a pupil's religious or cultural dress codes. Any restrictions on the wearing of religious clothing will be on health and safety or education grounds ie. that the clothing creates health and safety risks or reduces effective teaching and learning. The school will discuss any problems with parents/carers to find mutually acceptable solutions.

Non-compliance with the School Uniform Policy

Pupils will be disciplined for breach of the uniform policy, but sanctions will not include exclusion except where the breach is part of a pattern of defiant behaviour.

If a pupil is not adhering to the uniform policy, the school will first of all try to establish the reason why.

The school will make every effort to ensure that no pupils at the school are made to feel uncomfortable or discriminated against because their parents are unable to provide them with any items required by this policy.

Pupils will not be disciplined for non-compliance with the uniform policy which results from them having to adhere to a particular cultural, racial or religious dress code.
